So why wait? Begin downloading and install Magic Fountain Arxiv PDF today and experience the convenience and ease of accessing a large range of valuable records within your reaches.

REVIEW OF MAGIC FOUNTAIN ARXIV

- John Grisham has done it again! The Last Juror is a fast paced thriller that everyone is sure to enjoy. There's plenty of grit, humor and social commentary (Grisham addresses the issue of racism in the South during the 1970's) to keep the reader not only interested, but also guessing, until the end. The story is set in a Mississippi town called Clayton during the Seventies. A young reporter, Willie Traynor, has just come to own the town's

small newspaper and is determined to boost readership by writing of a rape and murder trial. Reporting of these crimes is against his best interest, as they were committed by a member of the Padgitt family. Previous people who've tangoed with the Padgitt's have wound up dead. Willienot only covers the story, but starts a crusade of sorts to see that justice is served and that Danny Padgitt goes to prison for life. When Danny Padgitt is released from prison less than ten years later, members of the jury that served against him start getting murdered...To tell more of the story here would only ruin it for those who haven't had the chance to read the book yet. Let me just say that this is a very enjoyable read. Grisham goes into great detail in describing Clayton and the characters are very well developed. This is the perfect book to curl up and read for hours.

- I liked that this book wasn't about another "young lawyer" still wet behind the ears; I liked seeing Lucien Wilbanks and Harry Rex make another appearance. I thought it was good, and jaded as I am reading so many suspense novels, I didn't really have a clue as to who was the culprit at the end. LOLI was happy with the book, was not disappointed at all. Go John!
