#### REVIEW OF EMPLOYMENT UNEMPLOYMENT AND EARNINGS STATISTICS

- I think the book was ok, it was good through the whole book until it got to the end. the last chapter was dumb, I didnt like how it ended but my favorit chapter was chapter 19. I liked how he talked about the release and how Jonas got to watch it, and see how powerful. when I started reading it I thought it was a really good book then it started getting to the end and I didnt like it as much.

- I read this book in school when I was younger and its one title that has stuck with me since then. I'm not too articulate, so I can't go into much detail. I'll just say I really loved this book.
