REVIEW OF LITTLE LORNA IN LOVE BOAT EROTIC COMIC BOOK PART TWO THE ADVENTURES OF LITTLE LORNA ENGLISH EDITION

- I only can say that nobody can write book as ULYSSES.And everybody can't understand ULYSSES.I think this is best stream of consciousness novel.I think this is the best novel.I think this is the best book of English literature.I think this is the best book of world literature.And last"Idea is idea of idea" Stephan Dedalus(J.J.)
- The short story:IF you're looking for a good overview to the modern leftist set of ideals, this is it. It's a great introduction to the entire way of thinking.IF you are NOT new to the Simple Living / Natural Living / Slow Food... don't bother reading this book.The long story:I was looking forward to

reading this, because it was recommended to me by just about every hardcore liberal / leftist "educated" type I know. Unfortunately, I can't say it really delivers.Even in the first chapter / section, the authors say that there will be no new information presented -- just linkages to the information that is already there. So I tried to keep that in mind as I read it.Ultimately, this book really does come off as just a bunch of preachy propaganda. This might be a good book for people who are new to the idea of natural living, or are still relatively unfamiliar with the lifestyle choices that one needs to make to Live Simply... but for someone who already lives as earth-friendly a life as they can, who is already socially aware and connected to their community and their family -- this book is useless.Further, there is some blatant twisting of information, simply to suit the authors' agenda. An example of this is when the authors say that the video game industry is making ads about killing cats that are aimed at children; but they're NOT. The authors mention that one woman was letting her 8 year old son read a video gaming magazine *intended for teens and adults* and after the son saw an ad about killing cats, he felt disturbed. They tried to use it as an example of the media targeting children... but they should have left the entire story out, because it's irrelevant. The magazine they named isn't aimed at 8 year olds. There are numerous other places in the book where the authors twist information simply to suit their own biases.I'm disappointed.
