## REVIEW OF A GAME OF THRONES WEEBLY

• Ms. Jernigan has once again written a well researched, captivating, exciting story. She has brought Elizabeth and Jonathan to life in a story that will warm your heart and soul, as well as other parts of your body. One minute you'll be reaching for your winter coat, the next wishing you were wearing a bikini. Jonathan can warm up my chilblains any day. Once you read it you'll know what I mean. I highly recommend this book. What a great way to start the new year. I can't wait for Ms. Jernigan's next book Dance On The Wind.

• I am in the middle of this book and I find it very compelling. I was interested in customer reviews

and when I read the last review on how the story is not yet complete because many of the victims of this scandal do not have health insurance, I felt compelled to write. Everyone will be making a profit on this story. WB Grace made their money and now the media will make their money. While I agree that the authors have done a wonderful public service uncovering this environmental disaster, I

would like to suggest that a substantial amount of the money made on this book (and the perhaps subsequent movie) could be donated to the victims. If not for their illness, there would be no story. I was recently appalled to learn about the monies that were made by media stars on the Watergate scandal while Deep Throat (whose courage made it all possible) was not doing quite as well. For the media to make money off these stories without providing for the victims is not right either.
