REVIEW OF GTI MK6 S

- Random Harvest is a less bright revue of WWI by James Hilton, still escaping from the horrors thru random escapades, but not a complete release as Utopia was for him. I applaud anyone who can find positive from negative.

- The copy I received was overpriced for it's condition. The binding corners were damaged, pages were badly faded, it had a name written inside the cover and a penciled in price of \$2. I would not order from this used book seller again.
