REVIEW OF BUSINESS LAW HENRY R CHEESEMAN 8TH EDITION

- First off, let me say I used to be an aggressive go-getting with guys. I mean a girl should be able to go after what she wants right?--- and for whatever reason... it doesn't work.. .that's when I read the book. This book literatly changed my life! It makes perfect sense. I have read numurous books on dating/love, but this one takes the cake.. if you're contimplating buying it-- DO IT. It's 100% worth the money, and it will give you a new attitude towards yourself and dating. It really helps you keep your sanity when you start dating a guy, and by holding back somet in the beginning, it helps you get what you want in the end.. it's really the best book out there!Ps. I have tried to get my "depressed/pathetic/obsessed with getting married and guys can sense it " friends to read it... and they have rejected the advice. They are still single, and very confused why. To put it clear, it will work for 90% of normal girls, but if the adj. above describe you, you may not like it.

- This book is probably the BEST book I have EVER read concerning relationships/dating. This lets you know exactly what you're doing wrong, WHY you're doing it, and how to remedy it. Don't become a doormat (nice girl) to the guy you're dating! Keep the interest alive, make him KEEP pursuing you long after the initial "honeymoon" phase of dating is over, and don't make the mistakes SO many women make! This book tells you how to keep that spark alive, how to keep his interest as intense as it was when he first met you, and how NOT to let him take you for granted, as so many men do with their ladies. This book WILL help you with your relationship & future dating! I'm rereading this book for the second time, and plan to purchase copies for my girlfriends as gifts. EVERY woman MUST have a copy of this on her shelf!!! A DEFINITE MUST-READ!!!
