## REVIEW OF BRAVE NEW WORLD

- I think that the book, "The Wizard of Oz", is one of the greatest books ever written. I found that the book and the movie that we've all seen are very different. The book tells of many more events that were never added into the movie, possibly due to the violence that occurs in the book. One of the violent acts was when the tin man chopped off the mountain lions head. You don't usually see that kind of violence in Shirley. Another event happened when forty or so wolves were killed. I think that if the movie were to be made exactly how the book was wrote that it

would be an interesting movie. The Wizard of Oz was a very exciting book to read because I've seen the movie a million times growing up and it kept me in suspense the whole time. The book was always telling about things that I didn't expect to happen. I would

recommend this book to anyone of any age to read because I think that it's a worthwhile book.

- read anything new on the subject of inventing. if this pamphlet has any ideas worthwhile someone has bilt on them since 1940.
