The distinct narration design, relatable characters, and plot spins make it a beneficial enhancement to your bookshelf. So, if you're trying to find a captivating read, Runaways Comic is most definitely worth taking into consideration.

REVIEW OF RUNAWAYS COMIC

- I found everything here! It's so cool! Now I can open the book at any page I want and pick a random bar whenever I have a fight with my friends on where to go. So cool! We don't have to ask for directions because everything is here!

- When pressed, I have to rate this book 3 stars for two reasons. (1) It was a very easy and enjoyable read. I read it in one sitting (7 hours), therefore I have to give kudos to the author(s) writing style. (2) At least the authors had the courage to stand up and tell the world not all military soldiers think going to war is perfect. However, instead of calling this "Hunting for al Qaeda" a more apt title may be "Whining about War". I'd have to say about 3/4 of the book was deploying and arriving in theater, and how "this is messed up" and "that is messed up" and everyone is "messed up"..that is of course, everyone except the author(s). It became a bit irritating after a while. I used to tell my troops if they weren't part of the solution, they were part of the problem. As far as the account of "terror, adventure and disallusionment"..I found this a bit lacking also. I did not find their situation any different than the hundreds of thousands of other soldiers who have rotated through Iraq or Afghanistan. But being military myself, I could be a bit biased. The most most interesting thing about this book is the fact it is written by reservists. Their successful "hunts", and the fact they were quite adept at wading through the BS to get the job done...should put this book on the weekend reading list of all West Point freshman.
