TEXES Social Studies 7-12 (232) Study Guide Learning Express (NY)

Celebrate the thirtieth anniversary of the Newbery Honor-winning survival novel *Hatchet* with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. *Hatchet* has also been nominated as one of America's best-loved novels by PBS's *The Great American Read*. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

Spanish Study Guide. Delighted analysis!

REVIEW OF GACE SPANISH STUDY GUIDE

- When I first met Dan I told him "Song of Kali" was the most disturbing novel I'd ever read. He was thrilled. This book, while taking you through one of the world's most sinister cities, provides you with such an eerie atmosphere you'll change your perception of the world and the concept of evil. While some may find the ending somewhat incongruous with the rest of the novel, most of its readers enjoyed it all the more. You have a rare treat in store if you're about to buy it. Writing this review makes me want to search my shelves, pluck it out and read it in a day and-a-half, just as I did nearly 20 years ago.

- Jeannette Gagan is a psychologist, who while dealing with her divorce discovered Shamanism, and over the years has come to recognize Shamanism's value as a psychological healing system. She takes an agnostic approach to the reality of Shamanic visions, at times leaning to them being internally generated and other times believing there is something at work beyond the individual, but either way, they are healing. The book starts with "This is neither a self-help nor a how-to book" and it is true, this book isn't a how-to on Shamanism with a psychological twist, and it isn't how to use Shamanism as a self-help tool to deal with your problems. What the book is though, is a serious and intellectual look at Shamanism as a tool for mental wellness, largely focusing around power animals, and soul retrieval. It helps to be familiar with psychology and the counselling process to make use of the book, but I don't believe it would be necessary. There is a lot of focus on the traumas that can arise in earlier childhood (before the age of four) and examples and theory on how Shamanic journeying can help heal the wounds of childhood, as well as any other point in your life. The book talks about Journeying as a method to safely explore, and express pain, emotions, and wounds, and how psychology and shamanism are working toward the same goal, but from different angles. An intriguing read for those interested in either or both of those fields.
