When you're the shortest guy in the sixth grade, standing tall isn't easy. Michael Jordan does not play basketball. He's not named after the Michael Jordan. In fact, he doesn't resemble an NBA player at all. Michael is the shortest boy in his grade, which is a problem for someone starting middle school. As if being the only boy sitting in the front row of every class photo isn't bad enough, his younger sister Emma loves pretending that she is his twin-and everyone believes her. Needless to say,

Michael worries that the journal entries he must write every week for literature class will immortalize a very bad year. But then an amazing thing happens-Macy, a pretty, blond eighth-grader, starts being very, very nice to him. Why she would go for a shorter, younger guy is a mystery, but Michael isn't complaining. He just enjoys getting tutored by her (even though he doesn't need it) and seeing her at his older brother's soccer games. Who knows where things could go from there? Jennifer B. Jones's funny, upbeat novel perfectly captures a boy's nervousness about middle school, girls, and learning to stand up for himself.

“...every one who wishes to gain true knowledge must climb the Hill Difficulty alone, and since there is no royal road to the summit, I must zigzag it in my own way. I slip back many times, I fall, I stand still, I run against the edge of hidden obstacles, I lose my temper and find it again and keep it better, I trudge on, I gain a little, I feel encouraged, I get more eager and climb higher and begin to see the widening horizon. Every struggle is a victory. One more effort and I reach the luminous cloud, the blue depths of the sky, the uplands of my desire.” HELEN KELLER was born on June 27, 1880 in Tuscumbia, Alabama. At nineteen months old an acute illness nearly took her

life and left her deaf and blind. At the recommendation of Alexander Graham Bell, her parents contacted the Perkins Institute for the Blind in Boston, and Anne Sullivan was sent to tutor Helen. The story of their early years together, and of Helen's remarkable psychological and intellectual growth, is told in *The Story of My Life*, which first appeared in installments in *Ladies' Home Journal* in 1902. With Anne Sullivan, "Teacher," at her side, Helen Keller graduated from Radcliffe College in 1904, an extraordinary accomplishment for any woman of her time. Helen was dedicated to helping the blind and handicapped, raising

funds for the American Foundation for the Blind and lobbying for commissions for the blind in thirty states. A women's rights activist, a Swedenborgian, a socialist, and a world-famous celebrity, Helen Keller received the Presidential Medal of Freedom and many honorary degrees. Her other books include *The World I Live In* (1908), *Midstream: My Later Life* (1929), *Helen Keller's Journal* (1938), and *Let Us Have Faith* (1940). She died in 1968. Her burial urn is in the National Cathedral in Washington, D.C.

Once in a great while there appears a baseball player who transcends the game and earns universal admiration from his fellow players, from fans, and from the American people. Such a man was Hank Greenberg, whose dynamic life and legendary career are among baseball's most inspiring stories. The Story of My Life tells the story of this extraordinary man in his own words, describing his childhood as the son of Eastern European immigrants in New York; his spectacular baseball career as one of the greatest home-run hitters of all time and later as a manager and owner; his heroic

service in World War II; and his courageous struggle with cancer. Tall, handsome, and uncommonly good-natured, Greenberg was a secular Jew who, during a time of widespread religious bigotry in America, stood up for his beliefs. Throughout a lifetime of anti-Semitic abuse he maintained his dignity, becoming in the process a hero for Jews throughout America and the first Jewish ballplayer elected to the Baseball Hall of Fame.

REVIEW OF THE STORY OF MY LIFE BY HELEN KELLER

SUMMARY CBSE CLASS 1

- An English pilot for a Middle Eastern ruling prince just managed to hide a fabulous fortune in gems somewhere in his sister's room, just before the prince was overthrown in a revolution. The unsuspecting sister returned to England with her daughter, just in time for the girl to start in Meadowbanks, an élite girls school, where a female cousin (& fiancé) of the deposed prince, was also arranged to attend. Several interested parties had been on the prowl searching for the gems, the pilot's efforts had not been as clandestine as he had hoped. With new girls, new teachers, and also a new young

handsome male gardener, was it a wonder that some residents of Meadowbanks felt as if there was a hidden cat among the pigeons. Agatha Christie painted an excellent picture of an English public school going about its daily business. There were staff as well as students who were trying to get use to a new environment. There was a headmistress, who having successfully established the school according to her vision after years of struggle, was considering passing the torch to the next generation. There were old faithfuls among the staff who were less prominent but had heard and seen much of what others

missed. Meadowbanks was probably Agatha Christie's of what an ideal school should be like. Having got the background set, Agatha Christie got down to business with the first murder, the victim being a rather unpopular new staff in the recently completed Sports Pavilion. Readers would have been given enough outright hints before this as to what would be of interest in the Sports Pavilion. The object of the mystery quickly turned from recovery of the gems to the discovery of the murderer. Midway, a second murder almost threw the investigators off-track, and a third murder was committed before Hercule Poirot who was called in late in the game seriously got down to

business. Mystery readers could find little fault in way which the authorities set about trying to find the culprit, but it took bringing back a student's mother from Anatolia to trap the murderer. All the while, Christie managed to maintain a light hearted atmosphere despite the deaths in the story, with occasional injection of humour and wit. She included important and interesting roles for the diverse characters from students to faculty to police to parents in how the mystery was played out. This is truly one of her most readable book.

- I've been in the CRM industry for more than 10 years and have read nearly all of the books that exist on this

topic. Barton Goldenberg's CRM Automation book is the best one on the market today. Unlike other CRM authors Barton Goldenberg has extensive CRM implementation experience and this is what differentiates his book from all the others. The guy has been in the trenches and he really knows what he is talking about! He shares his vast knowledge with the reader in a clear, concise way. No fluff, just valuable insight. Key points are driven home one after the other.
