Bear in mind, checking out reviews can assist you make notified decisions concerning what to read following and can expose you to brand-new writers and categories you may not have considered before.

REVIEW OF 99 WAYS TO TELL A STORY BY MATT MADDEN

- For anyone that loves to read books about Henry VIII and his many wives, this is a must read!! Once you begin reading it is difficult to put down! I read the whole book in just a few days! This book comes from a different perspective than other books about this topic--from Anne's sister. Mary's story is an interesting one indeed!
- Sister rivalry. It's a common concept found in many stories, but not always necessarily found in historical fiction novels. Almost all historical fiction novels focus around a key historical figure. If focused around England during the Renaissance, the historical figures usually include one of the

Tudors, maybe even one of the many ex-wives of King Henry VIII. Philippa Gregory takes a different path than most historical fiction writers as she tells a memorable tale of the life of the sister of one of the ex-wives. *The Other Boleyn Girl* is a must-read for fans of historical fiction. It exploits the behind-the-scene story of how King Henry VIII embarked on a civil revolution, just to marry mistress Ann Boleyn, told through the eyes of her younger sister and the King's previous mistress, Mary Boleyn. Mary's story is enticing. She was thrown into marriage and into the King's court when she was emerging into her adolescent years. She catches the King eye and is pushed by her family into his bed, fathering two of his children. As the King's desire for her wanes, her older sister (who has been competing with her for everyone's favor since they were young children) distracts the King and makes him fall in love with her. Mary suddenly has to become her older sister's servant and has to give up her children and any chance of love to help forge a path for her sister's chance at royalty. This enlightened outlook of what happened during this time period shows how ambition leads to downfall. I strongly recommend this book to anyone who has ever been interested in the Tudor history or just loves to read. It's guaranteed to keep you wanting more.
