REVIEW OF MRCOG PART 1 ESSENTIAL REVISION GUIDE

- Kathy has a way of getting you drawn into the book like you are there watching everything happen. The descriptions of everything make it easier to imagine what is going on. This book took me a while longer to get into. Its about cults which does not really intrest me as much

- I subscribe to Traditional Home magazine and have purchased their other books. Signature Style was a terrible disappointment. It lacks the interesting, informative style for which they are known. Pictures and text are below par. Gives you the feeling this was done by some other entity who dashed it off without much thought. Save your money.
