Join our neighborhood today and start your trip right into the world of literary works with

easy downloads of all your favored books like **13 Edition Aau Best Basketball Players!**

REVIEW OF 13 EDITION AAU BEST BASKETBALL PLAYERS

- I liked this book because it gave additional tips on how to study and understand nursing care/process in pediatrics. I'm pleased with this product.
- This book, the second volume of the widely-acclaimed Buru quartet, allegedly written up later from recollections of stories told aloud in prison by one of Indonesia's most famous political prisoners, reads more like a tract written by a committee with a strong political agenda.

The prose is turgid and tension builds up to a certain point and then peters away in the weakest prose I have read in print in many years. The poverty of the story line is striking. There is only one memorable character and she is so, I suspect, only because I remember her from volume one, where she was reasonably well presented. Even when something vaguely dramatic happens, it occurs off stage and is reported by a letter or by somebody who heard of it from somebody else. This absence of on-scene action is the fatal flaw of amateur fiction the world over. I keep wondering how this book and the series it comes from could have obtained such a great

reputation, unless the story sounds infinitely better in the original Indonesian. But the loudest praise comes from reviewers in overseas publications who would not have read it in the original. Did they read it at all? Or was it the politically correct thing to praise?
