advantage of the wide range of info within your reaches. **Download Milady Standard Esthetics Fundamentals PDF complimentary** and boost your understanding experience!

## REVIEW OF MILADY STANDARD ESTHETICS FUNDAMENTALS

- Jordan obviously has become very wordy in his descriptions of benign things and when it comes to intricate battles or deaths of main characters he is very short and nondescript. I am not sure if he does that on purpose but when you finally get to a point in the story where you can't put the book down then he sorta lets you down. The first three books were the best and the second three were the worst. This 7th novel actually picks up the pace again.
- I want to say that I began to read this series right around the 1999 new year after hearing numerous recommendations from

friends. I demolished the first three books in a week, and continued plowing through the rest the minute I could get my hands on them. Now, after a frenzy, I am stuck. The action has slowed to a lull, and it's driving me crazy. I wouldn't mind so much if I could go on reading, but there are no more books to read. Now I have to wait another year or two for the next book. I would love this series to go on for a long time if I could continue reading, but I can't stand being stuck with nothing more to read. My advice to the potential reader of this series: Don't start reading until the series is complete. It is not worth the pain and suffering of the anticipation and immediate disappointment at finding nothing more happening. To Jordan: Stop your repetition. We have all read your previous books. Also, stop going off about people's eyes and what they mean. I loved it at first, but now it has been overused. Get on with it, but only if you can maintain the quality of the first three books.
