REVIEW OF UNQUALIFIED

- Another 'classic' about the Salem Witch Trials. Like most classics, it sucks. The crazy Puritans accuse and argue each other. Then they go to court to argue and accuse different people. Then everyone gets hung. The end.
- The purpose of this book (hopefully I'm not giving away too much of the story here) is basically to further develop the main protagonist's (that'd Taran of Caer Dallben) character before sending him off to the grand finale in the 5th and last book of the series (The High King). I believe I read somewhere that this was actually written AFTER Lloyd Alexander finished a complete draft of The High King, and then he wrote this because he decided

Taran's character needed some more development. This story takes longer to get through than any other, which is not a big deal for me today, but the first time I read this series when I was maybe 13 (which is really a LOT closer to the audience I suspect Lloyd Alexander had in mind when he wrote the Chronicles of Prydain series), it felt really long. Anyway, aside from the relative length (which is both a good and bad thing), this book has the same strengths and weaknesses as all the series: The weakness is the plot is a bit contrived compared to the very best fantasy novels I've ever read (Tolkien), though I've certainly read fantasy books with bigger plot holes as well, and the plot here is probably tighter than in any of the other books in this series. In contrast, even though these are relatively short books that were probably aimed for kids in middle school, the main characters have depth, staying power, and evolve through each book, and there are basic moral themes present throughout every book (for example power leads to temptation and corruption) that seem even more relevant to me now nearly 20 years after I had to read "The Book of Three" in school. Highly recommended for anyone in the target audience, and still a decent (if short) read for an adult.
