Join our community today and start your trip into the world of literature with easy downloads of all your preferred publications like **Criminal Law Books Lexisnexis India!**

REVIEW OF CRIMINAL LAW BOOKS LEXISNEXIS INDIA

- This is an outstanding history of pre-Crash America. Leuchtenburg is one of the country's best historians of the New Deal, but in this text he does a wonderful job of providing the backstory to that era. Very lively stories, wonderfully written.

• I bought this book primarily for the chapters on financial delusions, the first 120 or so pages of 740 page book. The financial manias are well covered, and provided very valuable historical information for anyone who owns any investments of any kind. The themes behind these delusions are very interesting, and you can see these problems repeating today. The rest of the book provides some very good historical information about various

other manias. It was interesting, and I read most of the other chapters which were very interesting, but it is a 740 page book and I found myself skipping over portions of some of the later chapters. I really liked that this book was written over 160 years ago. It focused on parts of world history I did not know enough about and I am glad I own this now.
