## REVIEW OF SOL 4TH GRADE AND MATH STUDY GUIDES

- This is a great read on angels, and may not be what you expect if you think you know it all. The bible speaks a lot on angels so we should know what it says, and Billy Graham does a great job in an easy read to enlighten us on this subject. We will see them later so lets understand a little about them now shall we. You will very much enjoy this book.

- While I am not a

person that has ever been intrigued with Angels, I was recommended this book by my dear and sweet aunt. So, on her recommendation, I bought it and read it. I was IMPRESSED! Dr. Graham presents a totally Biblical account of the roles Angels play and how these unseen beings play such a role in our everyday lives. In this book, Dr. Graham even discusses the Biblical account of the fall of Satan and his angels. If you are a Christian, this book should be required reading.
