REVIEW OF MATHEMATICS PAST PAPERS FOR GRADE 7

- The story started off ok but it didn't take long for me to wish it would hurry up and be over. Just could not get committed to the story or the characters.
- I loved this book and finished it in 24 hours! But when I stopped to reflect on what made the book so great all I can think is I laughed out loud and I actually snorted. It wasn't my proudest moment, or very lady like, but I was alone so I figure that's okay. I think what I liked the most was Crusie wrote complex characters but didn't hold the readers hand while over explaining them and killing their uniqueness factor by putting a neon sign over their every trait. If you like cute romance with funny characters and a complicated story, definitely pick this up!
