## REVIEW OF CLASSIFYING CHEMICAL REACTIONS ANSWERS PHYSICAL SCIENCE IF8767

- Romola is a dense, compelling historical novel by the master of English fiction, George Eliot. Although this book is a bit slow going at first, the true-to-life characters and the towering themes make the reader's efforts more than worthwhile. Like the great film "Kiss of the Spider Woman," this novel deals with love, betrayal, parenthood, revenge, greed, spirituality, religion, and deceit, in ways that seem remarkably modern. I read it three times!

- I enjoyed this book tremendously! Butch Harmon tells it like it is, without pulling any punches! This is a story that needed to be told; it really gives us insight into the world of professional golf.
