REVIEW OF DIGITAL HERETIC THE GAME IS LIFE TERRY SCHOTT

- A woman who is smarter than your average neanderthal or even other clan member helps out.A garden variety

prehistoric romance if there is such, just rather long. Smart girl looks for smart bloke, tries to overcome the nogoodniks, and keep everything going along and not collapsing. Has a few bright ideas for stuff along the way.

- I loved this book! I couldn't put it

down. The characters are so real, and Ayla is an amazing woman. This novel is more than just fiction, it is based in archeological truths, so I did a bit of learning about early man/woman. One note...don't watch the movie version of this, its terrible and doesn't even touch the strength of this book.
