REVIEW OF 2009 VW TIGUAN S

- I was given this book as a July 4 present, took it on vacation, and when I'd finished a stack of my usual mysteries, picked it up and began to read. And American history just began to come alive before my eyes. Here were real people, with amazing stories, and details about what had really happened. I'd vaguely heard of Emma Goldman, but to read about her trying prostitution to get the money to buy guns was a revelation, and so was the way Billy Graham heard the Lord's call on a golf course. It's a book about a really fascinating bunch of Americans, brilliantly told. It even made me feel better about voting (twice) for Bill Clinton. Funny, I'd never thought of him as a historic personage before. I just wish I'd been taught history this way when I was younger.

- As a friend of Mark Bingham, one of the men on board Flight 93 who helped bring that plane down, I have seen the focus in the media constantly revolving around the four men who stormed the cockpit. Those were the ones we kept hearing were the heroes. Jere Longman has done a wonderful job of showing how each person on board Flight 93 served the purpose of fighting the first fight in the war on terrorism.While some, like Mark, may have used their brawn and fearlessness to counterattack the terrorists, each individual on they plane served a vital role in this fight. Some were trained in dealing with people in trauma, while there were others who could make coffee, get sodas or items for passengers that needed things. Each person in their own way supported someone on that flight.Mr. Longman has brought insight to me, making me think about the other thirty-six passengers and flight crew besides the "Heroic Four." I am grateful for his research and beautiful use of words to make what happened on that day to my friend and the others on board, a better rounded picture. I realize now that all forty of the passengers and flight crew were heroes.If you have any questions about what happened on Flight 93 and want to know more about the wonderful people who were lost on that plane, then I suggest you read this book. My hat goes off to you Mr. Longman.
