REVIEW OF NCERT SOLUTIONS FOR CLASS 8 MATHS CHAPTER 7

- This classic tale of true love and high adventure is so great that I sent my copy of it to my spouse when I asked him to marry me. I wouldn't accept a yes unless he loved the book. Needless to say I got the movie for my wedding gift from him. This book is definatly one that you can write in the margins.
- If someone asks me what my favorite book in the whole world is I look at him and say: "Why, The Princess Bride, naturely." After purchasing the movie and watching it for no less than 200 times (memorizing it by heart) I finally understood that what I had been focusing on was the short version of this hilarious tale. I then purchased this book and after lending it to someone I purchased it again, and again, and again. To date, this book is so precious to me that no one gets to have it but me!!! I recommend it with all my heart and soul. If you liked the movie you're going to love the book (and the best part is that watching the movie again takes absolutely nothing out of the pleasure).
