You have a plan for the rest of your life. God has a plan for the rest of your life. Are they the same? You have expectations for how your life will play out, and you hope those plans will become realities. But what if God's plan for your life is far different from what you had in mind? Can you accept that? Will you surrender your goals for God's? Kay Warren had a plan. Together with her husband, Rick Warren, author of the megaseller The Purpose Driven Life, she planned that after her kids were grown, she'd travel the world, teaching and encouraging couples in ministry. It was a good plan. But it wasn't what God had in mind for her. In a startling wake-up call, Kay discovered the shocking realities of the AIDS pandemic in Africa while reading a magazine. "I want to use you!" she heard God say. That began the struggle—first to avoid God's call and then to surrender herself to God. She cried out to God, "Why are you bothering me with this? There's nothing I can do about it. I'm just an ordinary person. What could one person do about such a gigantic problem?" But God had grabbed her attention and wouldn't let go. If you've ever struggled with knowing and doing God's will, this book is for you. With raw honesty, Kay goes straight to the heart of the matter: the bottom line is surrender. Will you trust God? Along the way she'll introduce you to others—people like you—who have said yes to God and have made a difference in the world. Using their skills, energy, faith, and a willingness to take risks, they became powerful instruments of change and tools in God's hands. Giving in to God isn't easy. It's not for cowards. It's the boldest, riskiest step you'll ever take. This dangerous surrender can bring both joy and pain, both heartache and ecstasy, but it enables you to know God in a far deeper way than ever before. I had to make a conscious decision. Would I retreat to my comfortable life and to my settled plans? Or would I surrender to God's call and let my heart engage with a cause such as AIDS that I was pretty sure would include buckets of pain and sorrow? I felt like I was standing on the edge of a giant precipice; I couldn't go back, and yet the way forward looked like stepping into a void. Kay Warren took that step, choosing to dangerously surrender to God. That decision transformed her life, marriage, and future. She invites you to do the same. You'll benefit most by discussing this book with others. A Readers' Group Discussion Guide is provided in the back of the book. Additional help can be found at [www.kaywarren.com](http://www.kaywarren.com).

### REVIEW OF THE PURPOSE DRIVEN LIFE DEVOTIONAL FOR KIDS

- Kit has just sailed from her home in Barbados to join her aunt, uncle and cousins in Puritan Connecticut. Immediately, she sets tongues wagging with her unusual ways and the friendship she develops with the supposed witch who lives near Blackbird Pond. Young and naive, Kit does not realize that her carefree lifestyle of the Carribean is not only unacceptable in this new world it could be dangerous for those she loves and herself. I was instantly intrigued by this well written and delightful novel. It has been on my to-read list since I was young. I've enjoyed the other novels written by Speare and was glad to finally get a chance to read this Newberry award winning novel for adolescents. Thoughtful and precise with fiesty characters, The Witch of Blackbird Pond is exactly the type of book I hope that I can encourage my own children to read and enjoy.

- There's good things and bad things about this planner. I like how it's a binder style with dividers. But there aren't any tabs on the dividers so I had to add my own. It's nice because you can take out sections you don't need - like I'm not using a videographer so I just took that whole section out to make more room. I also like the CD-Rom that comes with it. Makes doing the guest list super easy. There also aren't any folders or anywhere to put loose papers with menu information, pictures, etc. so I just got those clear plastic page holders for all that stuff. Overall, it could use some tweaking, but generally the information and checklists are helpful.
