Thank you for picking our system for your PDF downloads. We expect giving you with superb service and diverse options for years to come.

REVIEW OF ZIMSEC O LEVEL MATHEMATICS PAST EXAM PAPERS

- I was surprised to read any bad reviews about this book because I enjoyed it so much I practically read it in one sitting. It probably appeals more to younger audiences- I read it in high school and while Lee could be frustrating at times, I found I really identified with her. I read in one review that the chronology of the book and when it took place was confusing, but that's not really the case.

- Well to whoever said "The girl, an "outsider"...is driven by insecurity, cluelessness, chronic angst, self-loathing, whininess and stunning self-absorption...These characteristics, common in adolescents, would be bearable if only this young woman were also funny, imaginative, smart, rebellious, interesting. She is instead unrelentingly bland, vacuous, shallow, not very bright and very, very ordinary." this book is obviously above you. The fact that Lee is an ordinary teenager is part of the books brilliance. Too many recent books about teens have far too unrealistic characters. In every book there's a teenager who has some family problem (i.e. deceased parents, abusive, alcoholics, something of this nature) and is going some big coming-of-age crisis. The character usually seems normal but has some hidden wonderfulness about them (secretly paints masterpieces, is a math genius, a fantastic athlete, etc.) Being a teenager myself i appreciate a book with a fathomable character. Lee isn't "funny, imaginative, smart, rebellious, interesting" which is the beauty of the book. Most high schoolers don't feel like they are any of these things, or if they do it's rare. I would recommend this book for anyone who wants to know how a real high schooler feels. Someone who is more unpopular than not, someone who feels like an outsider evenw when she's on the inside. Although the book may not hit close to home because it takes place in a boarding school that severely lacks diversity, readers will be surprised how much they can relate.
