REVIEW OF DOWNLOAD ENGINEERING MECHANICS STATICS 12TH EDITION

- I can't read this book. If you're going to write about fishing, write about it honestly and tell us why you love it, don't start out with a web of "points of fixity" "dim inferences" "sources of hidden significance". Hemingway once said if you know something truly, and write about it truly, it will represent all things. I can't give this book a fair review, because after just reading Robert Traver's yarns, the styloe of this one just irritates me.

- I'm a Muslim who studied English. I find this translation to be deviant from the original text of the Quran. It's an attempt to distort the teachings of the Quran and relegate it into a hate-instigator bookshop. I don't recommend it at all.
