## **REVIEW OF ADVANTAGES AND DISADVANTAGES OF MANUAL TRANSMISSION**

- I took the NCE, as of this morning 10/20/07, after having read through this book 3 times over a span of about 2 months. Additionally, I purchased his audio cd series. Needless to say, nothing in either format prepared me for the NCE. The test did not contain any questions related to the material covered, or prepared me for the ambiguous questions posed by the exam.If you are looking to spend your money, Look elsewhere, Dr. Rosenthal can get rich off of someone else.

- I always enjoy Donna Fasano's books. One of my favorites has always been Mountain Laurel, but I really liked this one too. The hero, Ian, was just the right man for Andrea. I liked this story because the characters seemed both human and real for today's world. Sometimes authors match couples that I find it hard to believe would be happy. When these two were together, sparks flew. I would highly recommend the book.A Dedicated Reader
