REVIEW OF SHILOH QUESTIONS BY CHAPTER BING

- My only problem with Francis Bok's story is that it took me so long to finally hear it. It is eye-opening and inspiring. A very quick read, that will leave you wanting to meet and listen to this amazing man.

- In the early months of 1976, my high school sociology teacher told us of a fascinating and horrifying book called "Helter Skelter" that had commanded his rapt attention for months. Published in 1974, "Skelter" was Vincent Bugliosi's riveting true-crime rendering of the notorious Manson family and their murderous crime spree in August 1969. Bugliosi, significantly, was the prosecuting attorney of Manson and his malignant minions and he succeeded - brilliantly - in ridding our society of these senseless savages. I was seventeen years old then, and although I was no stranger to the extremes of human aberrations, I was mute with horror at some of my teacher's revelations. (Sadie Mae Glutz's weird name - and the equally goofy name she gave her newborn son - were the least of her post-partum peculiarities.....Manson family females had to wait until the slobbering canines devoured their meals before they could nourish their own inner children.....) Several months later, as a freshman newly transplanted at the University of Kansas precisely seven years after the abominable crimes, I purchased a paperback copy of "Skelter". The prodigiously gifted prosecutor has created a spellbinding re-creation of the events surrounding that long-ago August weekend. Moreover, he has delved into the pathology of Manson and exposed the mass murderer for what he is: a manipulative, savvy, cold-blooded and narcissistic individual - someone who does not deserve to taste freedom - ever. If you think you know everything about what it takes to convict a criminal - especially someone who (cleverly) avoided the crime scene - "Skelter" reveals the protracted, painstaking and dedicated efforts put forth by Bugliosi to convict these deviants. In those pre-O.J. days in L.A., Bugliosi was fortunate to have a jury who listened - without bias - to the truth, to the overwhelming evidence, and to a talented prosecutor's stunning summation. Happily, Bugliosi was victorious, but his accomplishments didn't end with the 1971 verdicts.....Read "Skelter" and learn about

the vast research and skill employed by the prosecutor to vanquish his foes (which included a Judge Ito-like milquetoast who referred to Manson's chief assassin as "poor Tex" and nearly derailed the conviction of Charles Watson). Yes, "Skelter" is much ado about Vincent Bugliosi - and rightly so. The prosecutor will forever have my respect, loyalty and admiration for removing these vicious killers from our midst. However, there are valid sociological lessons to be derived from his narrative. Most of Manson's followers (including the would-be messiah himself) endured difficult childhoods. However, a whole lot of us endure wrenching situations. Many seductive and charming people use these traits to lure vulnerable people to their licentious lair - but that doesn't give us license to commit unspeakable crimes. In the end, neither Manson nor his "family" elicit sympathy - not from this reader. In March of 1978, after suffering a nervous breakdown and subsequently enrolling in an out-of-town college that fall, I was accosted on a daily basis by every Hairy Krishna, Moonie, self-professed religious zealot and would-be spiritual savoir on the campus. I couldn't speak very well back

then, but I still refused these transparent ministrations - forcefully. Yes, I was disenfranchised. Yes, I was unbearably lonely. Yet I remembered something a wise priest once said, "Remove yourself from the occasion of sin, lest you fall into sin." We should all, no matter what our religious preferences may or may not be, steer clear of false prophets. In the pantheon of sin, Manson was among the very worst of offenders. Not only did he lead his starry-eyed disciples into evil, he exploited them for his own aggrandizement. To be a destroyer of humanity (a transgression that can never be repaid - not in this life) must surely rank among the worst crimes of all. My eternal thanks and gratitude go to Vincent Bugliosi for providing the victims and their families a most precious gift - justice. It can never bring back their loved ones, but as Doris Tate (Sharon Tate's mother) said, "After the convictions, we slept through the night for the first time since Sharons' death." The value of justice can never be adequately measured, just as the lives of those innocents lost can never be restored.
