Begin exploring the globe of PDF Hour Of Need Scarlet Falls Book 1 today and unlock the potential for a richer, more satisfying discovering experience.

REVIEW OF HOUR OF NEED SCARLET FALLS BOOK 1

- Unlike my fellow reviewer above (below?) I **have** a PhD in physics, yet these books taught me more basic physics than I ever learnt in 4 years of undergrad. The quantum mechanics book is especially clear...I honestly wish my first 1st year physics lecturer had of simply said 'read Feynman'..I would have learnt so much more than I ever did in lectures/other texts. Give these books to a child starting science/maths and let them grow up using it and learning from it...there could be no better gift.
- Nobody questions that Feynman was one of the great physicists of the 20th century. This review is not about Feynman the physicist, but Feynman the author of 3 textbooks, which purportedly try to explain beginning college physics. He has failed for students that start with very little knowledge of physics.
