## REVIEW OF ENGINEERING DESIGN GRAPHICS WITH SOLIDWORKS 2011

- This was an awesome book. For all you people that want to get interested in REDWALL series I suggest you start with this one. From my opinion. YOU WILL DEFINATELY GET HICED.
- The best of the Redwalls, without a doubt, must fall to Mossflower. Jaques does it again, I absolutely loved this book. Mossflower is plainly amazing, the story has a wonderful plot with twists and turns running through. The characters are realistic and they draw you to read on. I love this book and if I had it my way I would I would give it six stars and I strongly encourage everyone to read it.
