meet the Gourmet Detective as he helps Hurlington Castle recreate medieval feasts for their guests, and incidentally stumbles across the murder of one of its jousting participants. Was the murder accidental? Or was it meant for the son of the lord of the castle? Was the arrow meant for the lord's daughter? Was the bullet meant for the lord's step daughter? The Gourmet Detective seeks to solve the castle's murders and attempted murders as he finds solutions to the Castle Hurlington's new medieval menus, and along the way we read about food, murders and near murders while being tempted by Peter King's skillful suspense and humor. This is a fun read full of good food, good humor, and a murder and a few near murders - a delicious meal in itself.

- An extremely readable book, intended for undergraduates but appealing even to the layman: it doesn't need any previous knowledge of psychology to be read. Broad coverage of the field. I enjoyed this textbook.
