## **REVIEW OF AGILENT ION PUMPS PDF**

- The concept of a stripper sleuth sounded promising, but this one seems

too dumb to successfully investigate why milk should be refrigerated. There's not enough humor to make this book funny, and there's not enough plot or interesting characterizations or setting to make it compelling. I was inclined to like this book -- given the unusual sleuth and tried-and-true Florida setting -- but

this book is so pedestrian and uninterestingly conventional it makes Dick and Jane look like Twin Peaks.

- Any time you spend reading from this book and doing the exercises, no matter how minimal your discipline, will be time well spent.
