REVIEW OF DELL INSPIRON 1750 MANUAL

- Of all the great Dystopian novels of the
20th century (others being Orwell's
1984, Zamyatin's We, Bradbury's
Fahrenheit 451 for example), this may
be the most accurate, if not the greatest.
Huxley describes a world based totally

on material values, shamelessly hedonistic but also totalitarian in demanding total submission to its ethic. Such a place brain-washes its children and gives its adults large doses of drugs to maintain stability. Into this world, there comes the Savage, who has lived on an Indian reservation all his life. We see the horror of this world through his eyes. Rather improbably (but Huxley makes it seem natural) the Savage knows all of Shakespeare by heart, but the rawness and lyricism of the poetry makes a wonderful counterpoint to the cosiness and mediocrity of the Brave New World, where all pain and ugliness have been banished. A typical episode in the Brave New World is a 'religious' service, with Henry Ford as 'God', which ends in an orgy of sexual release. The

Savage falls in love (as opposed to lust, which is the only intimate emotion allowed between men and women), tries to escape, but is ultimately destroyed. Like 1984, Huxley may have made his Dystopia too bleak - apparently there are islands to which dissenters are exiled, and it may be that on these islands, people have managed to combine the materialism of the Brave New World and the primitive spiritualism of the Savage. We never find out. However, no one can escape being struck by the similarity of the Brave New World to our own - Prozac, daytime TV, dumbing down, test-tube babies all have parallels in Huxley's creation. Read one of the century's great classics.

- I read this book when I was in high school. My cousin advised me not to

read it cause it was odd and so I went in the quest to find the book. Back then, I still think what I think now, and what many critics have said, "It's ahead of its time".I admit, the book does start a little bit boring and it isn't everyone's type of read either, but I love the book. As I find

myself from time to time relating daily events to the book. How people are starting to move/act more by the demands of the system can only remind me more of this story. Huxley wrote a tale that has locked itself in my mind.
