REVIEW OF DATA INTERPRETATION SINHA

- Let's go ahead and acknowledge that the author may have had a few solid points about being independent and standing your ground and so forth. Now we can move on to the inexcusable other 90% of the material. I read this book in a

fit of desperation one evening, emotionally weakened by lack of sleep and in need of the same mindless entertainment and self-affirmation that conducting a late night Google search of your own problem can provide. A friend told me it was a "good" book. No! No, no. This book has the worst advice I've ever heard and completely contradicts the idea that two people can communicate effectively, ever. I've tried to scrub my mind of the residue from all of the author's horrible advice but one nasty piece comes to mind -- pretend you can't do anything physical around the house, then "ooo and ahh" over how strong your husband is for something like hammering in a nail? Ladies, s*** like this is condescending and completely insincere. If you value your husband or

know him at all, surely you can dig out a real compliment on a quality he's actually proud of. Another theme to ignore if you want a decent guy in your life is the idea that you'd better just clam up when you're angry --to teach him a lesson. There is a term for this, it's called passive-aggressive behavior, and it's a psychological problem that couples go to therapy to try to STOP doing. The author wrote this book for profit, which often requires sensationalism, and against that I have no complaint. However, I was too embarrassed to have this title staring me down from my iPad every time I opened the Kindle app, so I deleted it from my account. If you MUST read advice on relationships rather than talking to your loved one, just use the internet. At least you won't have to pay

for it (although figuratively, you might).

- I usually do not do the "review" thing. However, I have read this book a couple times and everytime I read it I learn something new. That being said I actually knew a lot of the rules that where out line in this book but it is always helpful to have it in black in white. The 2 reasons I am leaving this review is to say this book is very informative read to the girls, women, ladies or bitches that need a little help in the dating game. If you want a man to respect you and to keep calling then get this book! I have used these techniques successfully and they have worked everytime! Yes I am attractive and have some formal education but that has absoulutely NOTHING to do with it. It is about ATTITUDE, CONFIDENCE and SELF

RESPECT! Just like the author Sherry Argov said in the book you can be an educated CEO executive or a waitress at Denny's and still get that man to be at your beck and call! This leads me to the reviewer "Steven Alexrod " who left his review a few days ago. The fact that your review was so damn lengthy says enough. You haven't clue as to what you are talking about. You had the audacity to say women come a dime a dozen and you think men don't?? The difference between that dime and that dozen is QUALITY! You are the epitome of the man that I string along and treat like crap until I'm done and through you back to the wolves. See ladies this is exactly why you never sleep with a guy for at least 3 months. I've actually gotten MORE from guys without doing a a thing!

Sherry points this out in the book as well. The longer you make these FOOLS wait the more respect he will have for you. I even had a guy wait 10 months just for fun! Trust me, it works!! Back to the reviewer "Steven Alexrod" You are the type that talk all the BIG talk but is wrapped around someone's finger. I know guys like you. In fact I am dating a few. Think you know it all and don't no CRAP! Get it together! Again, to my

fellow sisters, I don't care if you're green, orange, white, purple or black, fat slim, chunky, pretty, ugly or cute..... This book will help you. The main thing the author Sherry is trying to convey is that confidence and not taking any crap from any man no matter who he is, how much money he has is UNEXCEPTABLE! The minute you put this in your head and apply it to your everyday life men will respect you.
