## REVIEW OF CONCEPTUAL BLOCKBUSTING PDF

- The most effective aspect of Ringler's first collection of stories is his ability to write characters. Ringler's creations are people we know, or the frightening other selves we conceal. His stories are well-crafted, and several are highly inventive, even disturbing. I look forward to seeing more work from this up and coming talent.

- Although Gordon Bethune tends to be rather repetitive in this story of Continental's turn around, he writes an informative and easy to read book. He gives a basic outline of the major strategies used to change ways at Continental but without too much detail .... this makes it a quick read.
