REVIEW OF ECOMMERCE 2013 1ST EDITION KENNETH LAUDON

- Okay, maybe I'm a little late in reading this... Did a bad thing and saw the movie first, but I was a kid when it came out so I have a decent excuse. (Loved the movie by the way.) But I'm still not 100% sure if I liked Practical Magic. The story is wonderful. Adult fairy tale with beautifully written characters and some pretty bad ass imagery. Buuuuu (there's always a but), I felt really disconnected. I didn't feel like part of the story, and as a major book-lover, that's a big no-no. I just wasn't sure what the hell was going on. Haven't read any other Alice Hoffman books and people just love her, so I guess I was a little disappointed by the whole thing. Glad I finally read it, but a Hoffman fan was not born. Maybe I should have another go at something else of hers. Any recommendations?[...]

- It was a very convivuled book and difficult to get into. The people's names were difficult to keep track of and the wanderings of the author were distracting.
