#### REVIEW OF ARISTOTLE AND DANTE DISCOVER THE SECRETS OF UNIVERSE BENJAMIN ALIRE SAENZ

- This is a typical breeder's vanity book. It has some valuable information, but it is very weak in the very important area of health issues. Cavaliers suffer from major hereditary diseases, such as mitral

valve heart disease, the leading killer of the breed, which is a terminal illness which afflicts over half of all Cavaliers by age 5 years and nearly all Cavaliers by age 10 years, and hip dysplasia, which causes terrible pain and debilitation, and syringomyelia, which causes severe head and neck pain and paralysis.

- Having read her previous Sheik book "Married to the Sheik", I couldn't wait to read the rest of her

books. Although I was disappointed that Emily & Ben were not in this one, it was a great read. What can Carolyn do when Sheik Tarik, a man who does not believe in love asks her to arrange a marriage for his sister? The most important thing to Tarik is the merger between the bride & groom's families & the marriage. Feelings don't come into it as far as Tarik is concerned. Only Carolyn is determined to show him how wrong he is.
