REVIEW OF LAND ROVER DISCOVERY TDV6 SERVICE MANUAL

- This book states was obviously written by someone who never managed anything in entire life. To sum up the entire book, he believes solely in hands a off management. Unfortunately, this is not realistic and anyone who has managed a sales force understands their sales professionals' need for constant feedback, goals, etc.

- There sitting on a self was this timeless book.I've read it again. I wonder why I don't read it more often.I suggest you read it again too. It is so simple and concise you can read it quickly.The message is still as relevant and as timeless. Take an hour from your day for an entertaining and edifying book.It's well worth a revisit."Who Moved My Cheese?" is just beside it. . .Lana VilmainPHR, M Ed[...]|vilmain@aol.com[...]
