REVIEW OF TRACTORS PULL

- I found this book very interesting, hard to put down, and its characters so intense that I could see them in my dreams. This book is also an excellent history tutor for people like me who never developed an interest for it, now I did and I'm looking forward for the next novel by Philippa Gregory.

- Clear and concise. Teaches the novice the basics with a minimum of mathematical and formal gobledygook. Suitable for a year long undergraduate course. The Schrodinger equation is presented in the first page, unlike most books which feature tedious amounts of linear algebra that confuse the beginner rather than clarify the material. The only drawback is that the coverage is far from comprehensive. But that is not the aim of such a book; for you completists out there, go cuddle up with Cohen-Tannoudji
