REVIEW OF MOTION SIMULATION AND MECHANISM DESIGN WITH SOLIDWORKS MOTION 2013 AUTHOR PHD KUANG HUA CHANG MAR 2014

- This is another wonderful Christian love story by Ethel M. Dell. It takes place mainly in a little fishing village in England. It is a very sweet love story, full of surprises and poignant moments. As usual it was hard to put this novel down until it was finished. This author has the ability to hold your attention until the end. I haighly recommend this novel.
- This is about the font size, NOT the content. Gardner's comments are about a 5 pt. (i.e., smaller than used by newspapers for legal notices). Had I known, I would have gotten the hard back edition.
