Trees Up Close Simon and Schuster

From the author of *One Day in the Eucalyptus*, *Eucalyptus Tree: Do you wanna? Wanna see? Let's go find that gator, gator, gator! COME WITH ME!* Put on your life jacket, hop in the boat, and raise your binoculars—it's time to go on an adventure! In Daniel Bernstrom's follow-up to the critically acclaimed *One Day in the Eucalyptus*, *Eucalyptus Tree*, a fearless little girl takes off in search of a giant gator—but she's not going into that swamp alone! No way! She wants YOU, the reader, to come along. Off you go, peering through the lush landscapes, looking for that gator! But each time you think you see it? Oops! Just a fox. Or some ducks! Or a snake. Maybe you'll never find the gator, gator, gator . . . With stunning illustrations from Sendak *Fellow Frann* Preston-Gannon, readers experience the feeling of being on a real adventure deep in the swamp. Rhyming, repeating, and exhilarating, the text is a delightful read-aloud romp that will entertain and make everyone's heart skip a beat!

Heaven lays down the law, and Hell gets more hellish as the greatest shared universe of all time makes its malevolent return.

Natural Speller Independently Published

Early in the year, our North American forests come to life as native wildflowers start to push up through patches of snow. With longer days and sunlight streaming down through bare branches of towering trees, life on the forest floor awakens from its winter sleep. Plants such as green dragon, squirrel corn, and bloodroot interact with their pollinators and seed dispersers and rush to create new life before the trees above leaf out and block the sun's rays. *Wake Up, Woods* showcases the splendor of our warming forests and offers clues to nature's annual springtime floral show as we walk in our parks and wilderness areas, or even in shade gardens around our homes. Readers of *Wake Up, Woods* will see that Gillian Harris, Michael Homoya and Shane Gibson, through illustrations and text, present a captivating look into our forests' biodiversity, showing how species depend on plants for food and help assure plant reproduction. This book celebrates some of nature's most fascinating moments that happen in forests where we live and play.

3D printing has been the hot topic in the maker world for years now, but there's another type of desktop manufacturing that's become the go-to choice for anyone who needs durable results fast. Instead of slowly depositing layers of plastic, a 3D carver starts with a solid block of material and carves it away using a rotating metal bit. It's faster than 3D printing, offers a wider choice of materials, and creates durable, permanent parts that look great. This book covers the basics of designing and making things with a 3D carver, and gives you several projects you can build yourself including a guitar, clock, earrings, and even a skateboard.

Rituals to Unleash the Powers of the Fire Spirits U of Nebraska Press

This ground-breaking presentation of Neo-Hasidic philosophy gathers and analyzes the writings of its progenitors: five great twentieth-century European and American Jewish thinkers—Hillel Zeitlin, Martin Buber, Abraham Joshua Heschel, Shlomo Carlebach, and Zalman Schachter-Shalomi—along with a young Arthur Green.

World's Greatest Word Game Simon and Schuster

Althusser and Law is the first book specifically dedicated to the place of law in Louis Althusser's philosophy. The growing importance of Althusser's philosophy in contemporary debates on the left has - for practical and political, as well theoretical reasons - made a sustained consideration of his conception of law more necessary than ever. As a form of what Althusser called 'Ideological State Apparatuses', law is at the forefront of political struggles: from the destruction of Labour Law to the exploitation of Patent Law; from the privatisation of Public Law to the ongoing hegemony of Commercial Law; and from the discourse on Human Rights to the practice of judicial courts. Is Althusser still useful in helping us to understand these struggles? Does he have something to teach us about how law is produced, and how it is used and misused? This collection demonstrates that Althusser's ideas about law are more important, and more contemporary, than ever. Indeed, the contributors to Althusser and Law argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life.

Hungry? Need lunch? Want the perfect food to impress your girlfriend? Then you need to see Matt, because Matt has an amazing talent. It's called ... Tuckshop. Matt a.k.a. 'The Tuckshop Kid' is back! And he's smaller than ever! He's lost weight, is sort-of enjoying exercise and is going out with the perfect girl, Kayla, who loves food as much as he does. He can hardly believe his luck. But when Matt uncovers Kayla's secret, he realises that no one is perfect and sometimes problems can take on a life of their own. From the author of the award-winning book *The Tuckshop Kid* comes the companion adventure about food, friendship and finding your way.

Practical Jinn Magick Design-A-Study

Jinn Magick is simple to execute, and the results can be some of the best you will find in all occultism. Much has been written about *The Fire Spirits*, known as the Jinn (or Djinn), but books of

practical Jinn Magick are rare. Hardly any exist, and those that do are often a disappointment. This book reveals a practical method for calling on the Jinn and receiving a response. There are forty-two rituals, and the magick can help with influence and passion or destruction and transformation. The rituals deal with reputation and the souring of love. Some rituals affect competition, uncover flaws, weaken others, improve your discipline or make somebody else burn out. Where you feel stuck, you can find release, and there are ways to create more abundance or make somebody else lose what they have. Rituals can create obsessive thoughts in others and make people see the best in you or the worst in another. They can help you seduce or cause somebody to be sexually disgusted by another person. Financial magick works to increase what you have and can make people appreciate your work or make others lose what money they have. There's great potential if you use your imagination. The magick can be subtle and delicate or life-changing and devastating, according to your wish. Most of the rituals can be modified and are directed at clear, practical results. The Jinn are neither angels or demons, but fire spirits, and they execute your magickal wishes with immense power. The magick may only work half the time, but when it does, it works with alarming intensity. The book is expensive, but that's because there's decades of research in here and these secrets should not be given to those who don't value them. Pay a fair price, do the work well, and you will get what you want.

REVIEW OF DIGITAL DREAMCNC CO LTD

- This is my all time favorite book. People would say it's THE book about revenge although I would rather say it's about getting even. The plot of story, the description of the charaters are all the best you can expect. You won't regret reading it and you would read it again and again like I do!
- It is one of a must have classic stories of all time. With the price, and the illustration, there was no second guessing on buying this book.
