REVIEW OF THE INTERSECTION OF TORT AND ENVIRONMENTAL LAW WHERE THE

- I thought this book was one of the best I have ever read in my life. I could not put it down. I spent hours thinking about it after I read it. I had a new understanding for life after I read it and how memories are so important. I definantly recomend that you should read this book. It dose not matter if you are 12 or 50 you will love it.

- My 7th grade class is currently reading the giver by Lois Lowry. The setting is in a futuristic perfect community. As a child, the members of the community are observed by a comity and their jobs are selected for them. The main character in this book, Jonas, is selected to be the receiver of memory. Jonas no longer has to follow the rules of the community. He has the most important job in the entire community. He goes through strenuous training to absorb the information that his tutor, the giver, is passing to him. He is a very important person to have in the community because if something bad was about to happen he could warn them of what happened before. The wording in the book is very difficult to understand. It takes a lot of thinking to understand the concepts in this book. This book is supposed to portray a perfect world but I think that the community is far from perfect. Everything in the community is based on sameness. This means that there are no advances and no differences among people. I think a world like that would be very boring because you would wake up every day and know what was going to happen. There is very little change in the daily schedule. A major reason why I think this wasn't a very good book is because the author's

idea of a perfect world isn't mine. I gave this book two out of five star for three simple reasons. First of all I didn't agree with her idea of a perfect world. Jonas's world is far from anything that I would consider perfect. Secondly, I didn't think this book was very interesting. I had trouble reading more than two chapters at a time because the concepts of the book bored me. And lastly, I disliked the ending. I can't tell you about it but if you read this book after my review you will probably agree with my opinion of the ending. I would recommend this book only to those who like slow reading books.
