REVIEW OF FUN FOR MOVERS STUDENT S BOOK

- I was in the US Navy and stationed on board the USS Arcturus during the late sixties. A member of the crew from the decommissioned USS Liberty was transferred to this ship. One night, after a few too many drinks, he told me a wild and, at that time, unbelievable story about what had really happened when the Israelis attacked the USS Liberty while it was steaming in international waters during broad daylight while flying a very large US Flag. I had read the official account in TIME Magazine and thought that he was a liar. Reading this book made me realize that TIME Magazine and the US Government were the liars! If I knew the whereabouts of my old shipmate, I would call him on the telephone and ask his forgiveness for thinking that he was the liar. Maybe TIME Magazine was duped into lying to the public, but they printed lies and I believed them at the time. After

more than thirty years of following political intrigues, and the lies that shroud the machinations of politicians, it is my opinion that the Israelis planned the attack on the USS Liberty with the intention of sinking it, with all hands on board being lost. Since it was off the coast of Egypt, and we were not on friendly terms with that country at that time, the sinking could be blamed on the Egyptians. With there being no survivors to dispute the story, the American public would be outraged against the Arabs. Then, Israel, being our good ally, would help the United States seek revenge against Egypt and its Arabic allies. That way, they would not have to be the only aggressors in the Six Day War, which they were after the sinking of the Liberty did not actually take place as planned. Since reading the book, I have acquired the video tape of the twenty year reunion of the USS Liberty survivors. The many interviews, especially the one by the ex Chief of Naval Operations, only confirm the legitimacy of this well documented book. As an added concern, the only country to benefit from the 9/11 World Trade Center attack was Israel. After the Muslims crashed the airplanes into the towers, Americans no longer cared about the slaughter of Palestinian people by Israel. I sometimes wonder if the Israeli Mossad was involved in the planning of the WTC attack. Reading this book only adds to my concern.

- Ennes tells a straight-forward, powerful story of a deliberate attack on a US Navy ship. Backed-up by decades of research and countless hours of interviews not only with his USS Liberty shipmates but also with then-members of the American military/intelligence community the tale is riveting and unbelievable -- yet absolutely true. Despite the fact that the Sixth Fleet refused to come to the aid of the USS Liberty, at least one officer attached to the USS Davis (now-RADM Paul E. Tobin - email: 096@ocean.usno.navy.mil; tel 202 762-1020) was awarded the Bronze Star for his heroic actions in combat against an enemy of the United States despite the fact that he was never closer than 400 miles from the battle and he arrived on the scene at least 12 hours after it was over.
