REVIEW OF PAPER 2 ACCOUNTING ICSA

- It's a good book but everything that happens pretty much mirrors the Lord of The Rings Trilogy. Like Eragon(Aragorn), the Vault of Souls(Paths of the Dead), the ra'zac(Ringwraiths). Anyway you get my point, read it if you really want to but, I'd personally would recommend Lord of The Rings.

- I would first like to point out that I'm not normally an avid reader of the fantasy genre, but I do occaisionally like to add one to my booklist for spice.Even not being familiar with fantasy, I was able to predict most of the plot twists and characters found in Eragon. It does blend a vast amount of fantasy into one book.However, I enjoyed the book. Even if it was simplistic, I found it entertaining enough to sit and read it non-stop until it was done. Why? I like Christopher's style. It was easy to follow and while heavy in adverbs, pleasant.I'd like to see his development as the series continues.
