*A Memoir of Working Hard and Being
Broke in the Richest Country on Earth*
The New Press

The winners of the Nobel Prize in
Economics upend the most common
assumptions about how economics

works in this gripping and disruptive
portrait of how poor people actually live.
Why do the poor borrow to save? Why do
they miss out on free life-saving
immunizations, but pay for unnecessary
drugs? In *Poor Economics*, Abhijit V.
Banerjee and Esther Duflo, two award-
winning MIT professors, answer these
questions based on years of field
research from around the world. Called
"marvelous, rewarding" by the Wall
Street Journal, the book offers a radical
rethinking of the economics of poverty
and an intimate view of life on 99 cents
a day. *Poor Economics* shows that

creating a world without poverty begins with understanding the daily decisions facing the poor.

DEAD WEST takes elements of Deadwood, The Walking Dead, and Hell on Wheels, puts it all in a big cask of TNT, then watches it go BOOM! Collecting *Those Poor, Poor Bastards* and *The Ten Thousand Things* in a spectacular omnibus edition, this is 420+ pages of Weird Western, Supernatural, Lovecraftian horror, with "strong female characters!" The DEAD WEST OMNIBUS (vol. 1) puts half-Shoshone Nina Weaver, her grizzled father Lincoln, and a motley crew of survivors and ne'er-do-wells through a gauntlet of undead hordes and demonic

forces from 'deaduns' to giant, flying creatures, to hellish steam engines, to actual murders of devil-crows. The Dead West series has it all. Guns, explosives, bloodletting, necromancy, expletives, faith-magic, gore, betrayal, more expletives, lots of true grit and high emotion! Brought to you in a collaborative storyhouse style by the team of Tim Marquitz, J.M. Martin, and Kenny Soward. "The writing is visceral in a style similar to Chuck Wendig's...this is a high-octane story." --Ryan Lawler, Fantasy Book Review "Unique, fresh, invigorating. *Those Poor, Poor Bastards* will sink its teeth into you and leave you wanting more. It's a crime not to read this right away." --Sarah Chorn, Bookworm Blues "Two parts bullets, three parts shambling undead, one part

Lovecraftian magic, and ALL fast-paced action! This is one wild ride!" --Becca Butcher, Voluted Tales Magazine

A Tale of the Sea Witch HarperCollins

"Meticulously researched and engagingly written . . . a comprehensive indictment of the court's rulings in areas ranging from campaign finance and voting rights to poverty law and criminal justice." —Financial Times A revelatory examination of the conservative direction of the Supreme Court over the last fifty years. In *Supreme Inequality*, bestselling author Adam Cohen surveys the most significant Supreme Court rulings since the Nixon era and exposes how, contrary to what Americans like to believe, the Supreme Court does little to protect the rights of the poor and disadvantaged; in fact, it has not been

on their side for fifty years. Cohen proves beyond doubt that the modern Court has been one of the leading forces behind the nation's soaring level of economic inequality, and that an institution revered as a source of fairness has been systematically making America less fair. A triumph of American legal, political, and social history, *Supreme Inequality* holds to account the highest court in the land and shows how much damage it has done to America's ideals of equality, democracy, and justice for all.

Why Nations Fail Penguin UK

Set in the disintegrating cities of Unthank and Glasgow, this modern vision of hell tells the interwoven stories of two men: Lanark and Duncan Thaw. As the *Life in Four Books* unfolds, the

strange, buried relationship between Lanark and Thaw slowly starts to emerge. Lanark is a towering work of the imagination and is the culmination of twenty-five years of work by Gray, who also illustrated and designed the novel. On its first publication it was immediately recognised as a major work of literature, and drew comparisons with Dante, Black, Joyce, Orwell, Kafka, Huxley and Lewis Carroll. Thirty years on, its power, majesty, anger and relevance has only intensified.

Alasdair Gray is Scotland's best known polymath. Born in 1934 in Glasgow, he graduated in design and mural art from the Glasgow School of Art in 1957. After decades of surviving by painting and writing TV and radio plays, his first novel, the loosely autobiographical, blackly fantastic *Lanark*, opened up new imaginative territory for such varied writers as Jonathan Coe, A.L. Kennedy, James Kelman, Janice Galloway and Irvine Welsh. It led Anthony Burgess to

call him 'the most important Scottish writer since Sir Walter Scott'. His other published books include *1982 Janine*, *Poor Things* (winner of the Whitbread Award), *The Book of Prefaces*, *The Ends of our Tethers* and *Old Men in Love*. In this book, with reproductions of his murals, portraits, landscapes and illustrations, Gray tells of his failures and successes which have led his pictures to be accepted by a new generation of visual artists.

"The object of the book briefly is, to re- inculcate old-fashioned but wholesome lessons--which perhaps can not be too

often urged--that youth must work in order to enjoy--that nothing creditable can be accomplished without application and diligence--that the student must not be daunted by difficulties, but conquer them by patience and perseverance--and that, above all, he must seek elevation of character, without which capacity is worthless and worldly success is naught. If the author has not succeeded in illustrating these lessons, he can only say that he has failed in his object"--Preface. (PsycINFO Database Record (c) 2010 APA, all rights reserved).

Essays, conversations, and archival investigations explore the paradoxes, limitations, and social ramifications of trans representation within contemporary culture. The increasing representation of trans identity throughout art and popular culture in recent years has been nothing if not paradoxical. Trans visibility is touted as a sign of a liberal society, but it has coincided with a political moment marked both by heightened violence against trans people (especially trans women of color) and by the suppression of trans rights under civil law. Trap Door grapples with these contradictions. The essays, conversations, and dossiers

gathered here delve into themes as wide-ranging yet interconnected as beauty, performativity, activism, and police brutality. Collectively, they attest to how trans people are frequently offered “doors”—entrances to visibility and recognition—that are actually “traps,” accommodating trans bodies and communities only insofar as they cooperate with dominant norms. The volume speculates about a third term, perhaps uniquely suited for our time: the trapdoor, neither entrance nor exit, but a secret passageway leading elsewhere. *Trap Door* begins a conversation that extends through and beyond trans culture, showing how these issues have relevance for anyone invested in the ethics of visual culture. Awarded "Special Recognition" by the 2018 Robert F. Kennedy Book & Journalism Awards Finalist for the American Bar Association's 2018 Silver Gavel Book Award Named one of the "10 books to read after you've read *Evicted*" by the Milwaukee Journal Sentinel "Essential reading for anyone trying to understand the demands of social justice in America."—Bryan Stevenson, author of *Just Mercy* Winner of a special Robert F. Kennedy Book Award, the book that

Evicted author Matthew Desmond calls "a powerful investigation into the ways the United States has addressed poverty . . . lucid and troubling" In one of the richest countries on Earth it has effectively become a crime to be poor. For example, in Ferguson, Missouri, the U.S. Department of Justice didn't just expose racially biased policing; it also exposed exorbitant fines and fees for minor crimes that mainly hit the city's poor, African American population, resulting in jail by the thousands. As Peter Edelman explains in *Not a Crime to Be Poor*, in fact Ferguson is everywhere: the debtors' prisons of the twenty-first century. The anti-tax revolution that began with the Reagan era led state and local governments, starved for revenues, to squeeze ordinary people, collect fines

and fees to the tune of 10 million people who now owe \$50 billion. Nor is the criminalization of poverty confined to money. Schoolchildren are sent to court for playground skirmishes that previously sent them to the principal's office. Women are evicted from their homes for calling the police too often to ask for protection from domestic violence. The homeless are arrested for sleeping in the park or urinating in public. A former aide to Robert F. Kennedy and senior official in the Clinton administration, Peter Edelman has devoted his life to understanding the causes of poverty. As Harvard Law professor Randall Kennedy has said, "No one has been more committed to struggles against impoverishment and its cruel consequences than Peter

Edelman." And former New York Times columnist Bob Herbert writes, "If there is one essential book on the great tragedy of poverty and inequality in America, this is it."

REVIEW OF POOR THINGS

- This is the second time I read this book. I had read several years ago. I really enjoyed reading it again. I thought some of the episodes were too short.
- The Hobbit is an action and adventure book written by J.R.R. Tolkien. It takes place during the medieval times. The main character, Bilbo, is a halfling called

a Hobbit that is smart, fast, he hasn't been on an adventure, and he loves his Hobbithole in Hobbiton. The major conflict in the story is a dragon called Smaug steals a lot of treasure so Bilbo, 13 dwarfs, and a wizard go along to get the treasure back and slay the dragon. The author makes the characters really strange. This book is like The Fellowship Of The Rings and The Two Towers. I recommend this book to everyone 8 and up. A person that likes action or adventure stories would love The Hobbit. I really like how Tolkien describes the characters and setting very good, and it is also exciting. If you haven't read this book YOU HAVE TO!!!!
