some loose ends that were not tied up by the end of the book, which left us with unanswered questions.

## FINAL IDEAS

Generally, our company believe that Msdm Malayu Hasibuan Pdfslibforyou is worth a read, regardless of some minor flaws. The special storytelling style, relatable characters, and story twists make it a rewarding addition to your shelf. So, if you're looking for a captivating read, Msdm Malayu Hasibuan Pdfslibforyou is most definitely worth taking into consideration.

## REVIEW OF MSDM MALAYU HASIBUAN PDFSLIBFORYOU

- The Hobbit was just about the most fun reading experience I have ever had. I'm not sure whether the effect stemmed from the great quality of the book or from my particular developmental stage when I read it. Probably a bit of both. It's really just the simple story of a bourgeois everyman who is thrown into a world of dragons, goblins, wizards, and dwarves and is forced to discover the greatness within himself. The plot arch might be that of Beowulf, substituting a typical well-to-do Englishman for the mighty thewed hero of the legend. The splendor is in Tolkien's wizardly storytelling and poetic vision. The story is worked to a minute perfection on every single page, every single sentence, even. Each chapter is punctuated with songs, or poems, making the Hobbit a true prose romance, in the tradition of the earlier great fantasists, such as William Morris, Lewis Carrol, Kipling, or ER Eddison. And every song is good. The

Hobbit evokes a sense of nostalgia in this particular reader, a nostalgia for a lost pre modern world of primordial Northern England and Europe. As CS Lewis wrote somewhere, no other writer is able to capture the feel of Norse mythology, its symbols and moods, and weave them into a story the way Tolkien does. Tolkien employs his own private mythology, later published as the Silmarillion, to give the setting a sense of historical depth. For example, at one point the heroes find swords "forged during the goblin wars of Gondolin," foreshadowing a subsequent encounter with goblins. Each encounter brims with invention and unique imagination seldom found in any other author, but at the same time invoking an homage to the other great heroic stories of the world. The eyrie of the giant eagles recalls the story of Sinbad in the roc's nest. The riddle game with Golum, one of the most inventive scenes in any story, reminds one of the Sphinx from Greek mythology. And each riddle is brilliant. All Tolkien's works are incomparable, but the Hobbit is his greatest, I think, mainly for its simplicity. It lacks the Manichean overblownness of the Lord of the Rings or the Silmarillion. Here is not a cataclysmic war between

absolute good and absolute evil, but a simple quest to get some loot from a dragon. The story is thusly more like real life, and closer to primeval mythologies of Europe in that there is no Zoroastrian conception of good and evil. The Hobbit has some real life relevance too, I suspect. I think there is a message in the Hobbit, about a cataclysmic world event, but to recognize it requires one to have an encompassing understanding of twentieth century history, a familiarity with Tolkien's own life (i.e. a sense of when the book was written), and penetrating awareness of the tropes of the fantasy genre. The story sort of picks up the thread started in the Worm Ouroboros, as pertaining to the allegory behind Gro and the ambassador. I've always wondered if any one else can answer the riddle of the Hobbit.

- When it comes to literary long fiction with a short story feel, there is no one better. The Hobbit is, according to us hardcore fans... The "middle beginning". And also the best place to start the Lord of the Rings saga. Much history there is, before this book, but the story of unlikely hero Bilbo Baggins is the best place to start. Do yourself a huge favor and read this, you won't regret it.
