- A young kittypet(housecat) by the name of Rusty is itching to get his collar off.Venturing out in the forest one day he meets a young gray kit which he soon learns is Graypaw.Being swept away by the scent and strength of these wild Clan cats he is suprised to be offered training and a place in ThunderClan.Earning the

name Firepaw he becomes an official apprentice of the Clan. On his journey he meets many others, friends and foes. By breaking a few Clan rules he suffers punishments pending from no food to taking care of an old rag of a cat. This book has everything including depressing, suspenseful, terrifying, and

happy moments. I felt like I was there along with the cats, part of their Clan. I had a hard time pulling myself away from this thrilling chapter in a continuing series. The book includes many human like features but also sticks to the instinctive lines of our feline friends. THIS IS A MUST READ BOOK!!
