REVIEW OF THE SELF TALK SOLUTION SHAD HELMSTETTER PDF

- Dave Barry who can make a prison lifer laugh until his internal organs burst, meaning that he can make someone laugh about...anything. This is the first Dave Barry book I have read and it has put me on a diet of his humor for a long time. His essays/columns are the perfect length for any subject. I admit that I have had quite a few natural laughing highs since reading his words. I highly suggest this book for anyone.
- If you have more than 10 minutes Net experience and say, ooh, 3 minutes of coding html you can skip the first 200 or so pages. If you have a couple of days of Linux under your belt, you'll find that most of the remaining content can be found in the relevant man pages. If you're about to join the Linux club you should note that the author used the Caldera distro, and he assumes you will too. So don't install RH/SuSE/whatever and expect to find his admin menu! He also assumes you'll have enough knowledge to fill in the gaps where he was obviously getting bored writing the book. Sysadmin's should not look here. Also includes one of those completely out of date CDs. Why oh why?
