### FINAL THOUGHTS

Generally, our company believe that Adil

Math Solution deserves a read, despite some small flaws. The special storytelling style, relatable characters, and plot spins make it a beneficial addition to your bookshelf. So, if you're searching for a fascinating read, Adil Math Solution is definitely worth thinking about.

## REVIEW OF ADIL MATH SOLUTION

- As the dark shadows of World War II march through Lithuania, Petras Simonaitas, a stained-glass artisan, watches in horror at the atrocities inflicted by the Nazis on his Jewish friends and neighbors. Petras finds that there is no safe harbor against racism and hate as the cruel fingers of Hitler's nightmare reach into the lives of those

he loves. A Nazi sympathizer, Baron Pavel Gerulaitis, forces Petras' sister, Ona, a beautiful blonde, blue-eyed woman who fits the design of Hitler's so-called "master race," to his castle. When she dies, the Baron's lustful eye turns toward Rima, the girl that Petras loves. After a brutal rape, Rima begins to fade away in front of Petras. What can he do to protect her? And how can he stand against the flood of hate that is threatening his beloved Lithuania? The first in Schunk's Lithuanian trilogy, *A CLEAR NORTH LIGHT* is a compelling look into a time of human suffering. The reader sees into the hearts of those who fought valiantly against a reign of violence and destruction. Schunk masterfully takes us inside the lives of her characters and allows us to feel their

pain and rejoice in their triumph of faith and spirit. *A CLEAR NORTH LIGHT* will capture readers and hold them until the very end.

- Having not read Camus since my school days, with the exception, that is, of his play *\*Caligula\**, I picked up this collection of short stories remembering Camus as an old favorite. I wonder if I would now find *\*The Stranger\** and *\*The Plague\** just as passé. These stories just don't hold up, if they ever did. Are they really considered representative of Camus 'at the height of his power,' as the biographical note to this edition maintains? I'd have to think, indeed hope, that was just hype. Delivered with all the subtlety of a trumpeting elephant, the themes comprising *\*The Exile and The Kingdom\** seemed terribly dated,

nave, and without any particular distinction as great literature. As translated, the stories are written with admirable clarity in predominately short, clean sentences reminiscent to me somewhat of Hemingway, which makes the reading quick and simple--but after fifty years, Camus isn't only saying nothing new; he isn't saying anything old in a particularly compelling way either. Perhaps the best story is \*The Renegade\*--a 'mad' monologue delivered by a missionary captured by a savage tribe in the middle of a salt wasteland and converted to their religion of uncompromising cruelty. Probably the worst of the lot is \*The Artist At Work\*--a

didactic author omniscient narrative that has the simplicity of a fable and all the clichés of one, too. In the end, I'd like to think that \*The Exile and the Kingdom\* is a collection of basically throw-away work of fourth-rate Camus that nonetheless made its way into print--and stayed in print so long--because of Camus's Nobel Prize-winning status. And because, at his level of literary importance and influence, everything he's written is of lasting interest, if only to Camus scholars. I'd like to think that, but I'm not so sure. One thing I am sure of, however, is that these weren't of much interest to me at all.
