Study Guide for Today's Medical Assistant - E-Book Houghton Mifflin Harcourt

Winner of the Newbery Medal, this remarkably moving novel has impressed the hearts and minds of millions of readers. Set in Mississippi at the height of the Depression, this is the story of one family's struggle to maintain their integrity, pride, and independence in the face of racism and social injustice. And it is also Cassie's story—Cassie Logan, an independent girl who discovers over the course of an important year why having land of their own is so crucial to the Logan family, even as she learns to draw strength from her own sense of dignity and self-respect. * "[A] vivid story.... Entirely through its own internal development, the novel shows the rich inner rewards of black pride, love, and independence."—Booklist, starred review

REVIEW OF CHAPTER 4 STUDY GUIDE FOR CONTENT MASTERY ANSWER KEY EARTH

- Do not buy this book.. I repeat do not buy this book. It is a huge waste of time and money. I used this book and I memorized the questions in it. You will not find any of them on the real test. The real test is very, very hard and this book will not make it any easier for you. I got a very low score on the exam thanks to this book. I am a straight A student I failed it. Be careful and study till you can't study anymore.
- The Chosen is ok for a general book. But as a classic it is not that good. It was a depressing tale about two people that could not be friends because of religious differences. What religion in this age? nothing any more discrimination will be almost completely terminated in 100 years so Chaim took people's time to read about a unrealistic plot and it has become a classic! I could write about me and my friend's father that had some differences so then we can't be friends. For a plot this stupid it was an excellent book but the plot was too radical.
