A detailed look at the worst M&A deals ever and the lessons learned from them It's common knowledge that about half of all merger and acquisition (M&A) transactions destroy value for the buyer's shareholders, and about three-quarters fall short of the expectations prevailing at the time the deal is announced. In Deals from Hell, Robert Bruner, one of the foremost thinkers and educators in this field, uncovers the real reasons for these mishaps by taking a closer look at twelve specific instances of M&A failure. Through these real-world examples, he shows readers what went wrong and why, and converts these examples into cautionary tales for executives who need to know how they can successfully navigate their own M&A deals. These page-turning business narratives in M&A failure provide much-needed guidance in this area of business. By addressing the key factors to M&A success and failure, this comprehensive guide illustrates the best ways to analyze, design, and implement M&A deals. Filled with in-depth insights, expert advice, and valuable lessons gleaned from other M&A transactions, Deals from Hell helps readers avoid the common pitfalls associated with this field and presents them with a clear framework for thinking about how to make any M&A transaction a success.

John Wiley & Sons

THE NEW M&A STRATEGY FOR LONG-TERM SUCCESS IN TODAY'S VOLATILE MARKETS "Rich in examples and details, well-grounded in wisdom from years of experience, and blessedly practical . . . . engaging, well-written, and loaded with worthy insights. Study this book and prosper." -- DR. ROBERT B RUNER, Dean, University of Virginia's Darden School of Business, and author of Deals from Hell, The Panic of 1907, and Applied Mergers & Acquisitions. "Drawing on his experience with more than 100 M&A transactions, Hoffmann has written a definitive 'how-to' for acquiring companies in the below \$50 million sales market space. The examples . . . [offer] astute insight into every feature of the topic." -- DR. NANCY BAGRANOFF, Dean, Robins School of Business of the University of Richmond; President of the American Accounting Association; and coauthor of Core Concepts of Consulting for Accountants and Core Concepts of IT Auditing. "This is a wonderful history with compelling lessons from the great successes of the Trader Publishing and Landmark Communications leadership and business model. The reflection on past deals gone wrong helps the

reader understand why you do deals, how to pursue M&A, and what principles you need to be successful." -- MACON B. ROCK, founder and Chairman of Dollar Tree Stores, Inc., and founder and former President of K&K Toys. "A must-read for those who hope to start small and grow big by acquiring, improving, and innovating. Following his rules may not lead you to be part of the 1 percent, but it will certainly keep you from being part of the 70 percent that fail." -- HOWARD S. TEVENSON, Senior Associate Dean, Harvard University; Director of Publishing, Harvard Business Publishing Company board; and author of *New Business Ventures* and *the Entrepreneur*, *Make Your Own Luck*, and *Do Lunch or Be Lunch*.

**All You Need To Know** University of Chicago Press

Every company faces the inevitable challenge: stagnate or grow. One of the fastest ways for small- and mid-size companies to expand is through acquisition. Purchasing another company can seem daunting--but when done right, it can deliver outstanding rewards. *Successful Acquisitions* supplies the key information that business leaders need to know about finding and buying companies. Written by an M&A expert with more than \$1 billion in transactions under his belt, the book's practical and comprehensive approach integrates all the moving pieces into a logical step-by-step process that covers: \* The art and science of researching companies \* Building and balancing an acquisition team \* Valuation tips that look beyond the obvious \* The importance of "the seller's equation" \* Developing a negotiation platform \* How to be tough and still protect the buyer-seller relationship \* Guidelines for structuring an airtight deal \* The letter of intent, due diligence, purchase agreement, funding, and other essentials \* Bringing the deal to a timely close \* A 100-day plan for making integration a success It's all here. From building the foundation to growing the relationships to cementing the deal, *Successful Acquisitions* is a complete roadmap to buying companies and achieving proactive strategic growth.

*The Panic of 1907* Academic Press

With organic growth becoming more and more elusive, Mergers and Acquisition (M&A) activity within the RIA industry is at an all-time high. In 2019, RIA merger and acquisition activity accelerated its momentum compared to the halfway point last year, with a strong second quarter that saw 33 deals for a total of 65 for the first six months, according to the DeVoe & Co. Deal Book. While M&As may seem like "easy" growth for firms, the only easy part may be signing on the dotted line. Maintaining success by merging two firms hinges on a handful of key factors, and one of them is the careful integration of culture. In *Integrating Culture in Successful RIA Mergers and Acquisitions*, Greg Friedman, a veteran financial advisor, and Cynthia Greenfield, a leadership and change management coach, share their blueprint for achieving and maintaining a successful, positive work culture, tackling head-on the obstacles that may appear during an M&A event, and offering solutions based on real-world experiences. This book will show the evolution of a \$2B RIA over the course of 10 years, and pull back the covers with real stories of obstacles, adjustments, and victories along the way.

Guide *Applied Mergers And Acquisitions* reveals much of life's difficulties and discovers themes such as love, loss, and personal development. But before we get into the fundamentals of the story, let's

*The Complete Guide to Mergers and Acquisitions* John Wiley & Sons

This book was designed not only for owners and managers of middle market businesses but as a training text for middle market M&A investment bankers and consultants. It discusses the art and science of middle market M&A as well the all-important psychology and behind-the-scenes negotiations pursued with a particular emphasis on obtaining the absolute highest value when selling a business. Subjects addressed include valuation, taxation, negotiations, M&A conventions, among many others from the buy-side and sell-side perspectives. Subtitled "Tales of A Deal Junkie," this serious but occasionally irreverent book tells it like it is, including anecdotes to provide a "feel" for what really goes on in middle market transactions. The author, a former practicing CPA and a business valuation expert, is a veteran M&A investment banker with years of real life experience. He also is a widely-acclaimed instructor in the M&A field and a nationally-respected practitioner who has trained thousands of investment bankers. No comparable book on the market today provides this degree of comprehensive and invaluable insight.

**9780471395348** John Wiley & Sons

This book provides executives with an in-depth look at the consequences of M&As for acquired top management teams. It examines M&As as a corporate growth strategy, the importance of top management teams to a firm's long-term performance, the reasons why executives depart after an acquisition, and the effects of these departures on target company performance.

*Mergers & Acquisitions For Dummies* GRIN Verlag

The comprehensive M&A guide, updated to reflect the latest changes in the M&A environment M&A, Second Edition provides a practical primer on mergers and acquisitions for a broad base of individuals numbering in the hundreds of thousands: Investment bankers involved with mergers and acquisitions (M&A). Equity analysts at hedge funds, risk arbitrage funds, pension funds, and banks, who invest in firms engaged in M&A. Private equity professionals at buyout funds, venture capital funds, and hedge funds, who routinely buy and sell companies. Corporate executives and business development professionals. Institutional loan officers working with M&A and buyout transactions. Business students at colleges and graduate business schools. Investor relations professionals at corporations and public relations firms. Lawyers who work with corporate clients on M&A-related legal, financial, and tax matters. Independent public accounting firms that review M&A accounting. Government regulators Sophisticated individual investors Its comprehensive approach covers each step in the process, from finding an opportunity, to analyzing the potential, to closing the deal, with new coverage of private equity funds and international transactions. This updated second edition also includes information on emerging markets, natural resource valuation, hostile takeovers, special deals, and more, plus new examples and anecdotes taken from more current events. Additional illustrations and charts help readers quickly grasp the complex information, providing a complete reference easily accessible by anyone involved in M&A. The mergers and acquisitions environment has changed in the thirteen years since M&A was initially published, creating a tremendous need for authoritative M&A guidance from a banker's perspective. This M&A update fills that need by providing the characteristic expert guidance in clear, concise language, complete with the most up-to-date information. Discover where M&A fits into different corporate growth strategies, and the unique merits it confers Delineate clear metrics for determining risk, valuation, and optimal

size of potential acquisitions Gain deeper insight into the fundamentals of negotiation, due diligence, and structuring Understand the best time to sell, the best way to sell, and the process of the sale itself In the past decade, the dollar value of M&A deals has jumped ten-fold, and the number of individuals involved has expanded considerably. More and more executives, analysts, and bankers need to get up-to-date on the mechanics of M&A, without wading through volume after volume of dense, legalistic jargon. Finally, M&A is back providing a complete reference to the current state of the M&A environment.

#### **Process Tools to Support M&A Integration at Every Level** Springer Science & Business Media

Companies around the globe are increasingly pursuing M&A as a growth strategy. Odds are, at some point in your career, your company will be one of them. Jennifer J. Fondrevay, an M&A expert who has led teams and brands through three separate multibillion-dollar acquisitions, reveals that these transitions are as stressful as a major loss or moving to another country. The normal human reactions of fear, anger, anxiety, and denial can make the experience hellish, make leading change overwhelming, and keep you from capitalizing on opportunities. To help you navigate the chaos and your emotions and to see how M&A can, in fact, further your career, Jennifer has written *NOW WHAT?*, the guide she wished for years ago. Based on 60 interviews with M&A integration survivors and practitioners, *NOW WHAT?*: Explains the drivers behind M&A so that you can anticipate what's coming and start to appreciate where the opportunities might be. Exposes the post-deal experience for what it is: a journey from denial to acceptance through the M&A stages of grief. Identifies the "cast of change" characters (e.g., the Former Rock Star, the Black Widow, etc.) and how to engage them. Helps you construct a total "survive and thrive" game plan for cultivating the right mindset, collaborating with the "other side," and finding your niche to succeed. *NOW WHAT?* helps anybody in the middle of it all, from C-suite executives to team leaders and players, come out stronger on the other side to help their companies do the same.

- The sustaining characters in *Applied Mergers And Acquisitions* publication also play a vital duty in the story, with each one adding depth and complexity to the narrative.
- From the protagonist's loyal buddy to the mysterious stranger the antagonist befriends, the sustaining actors helps to bring the globe of the story to life.

Overall, the personality development in this book is one of its strengths. Each personality is well-crafted and includes in the overall story, producing a really delightful read.

## **FINAL JUDGMENT**

After reading and examining *Applied Mergers And Acquisitions* from cover to cover, we have actually come to our last verdict.

### **THE PROS**

Among the major highlights of this publication *Applied Mergers And Acquisitions* is its distinct storytelling style which maintains the viewers involved throughout the book. In addition, the well-developed characters make guide extra relatable and pleasurable to review. Furthermore, the story

twists keep the reader on their toes, making guide unforeseeable and interesting.

### **THE CONS**

However, there were some elements that we located doing not have. The pacing of *Applied Mergers And Acquisitions* was sluggish sometimes, that made it feel dragged out. Furthermore, there were some loosened ends that were not tied up by the end of the book, which left us with unanswered concerns.

#### *Applied Mergers and Acquisitions + Student Workbook* Amacom Books

A comprehensive guide to the world of mergers and acquisitions Why do so many M&A transactions fail? And what drives the success of those deals that are consummated? Robert Bruner explains that M&A can be understood as a response by managers to forces of turbulence in their environment. Despite the material failure rates of mergers and acquisitions, those pulling the trigger on key strategic decisions can make them work if they spend great care and rigor in the development of their M&A deals. By addressing the key factors of M&A success and failure, *Applied Mergers and Acquisitions* can help readers do this. Written by one of the foremost thinkers and educators in the field, this invaluable resource teaches readers the art and science of M&A valuation, deal negotiation, and bargaining, and provides a framework for considering tradeoffs in an effort to optimize the value of any M&A deal.

#### *The Guide for Financial Advisors* John Wiley & Sons

The *Applied Mergers and Acquisitions Workbook* provides a useful self-training study guide for readers of *Applied Mergers and Acquisitions* who want to review the drivers of M&A success and failure. Useful review questions as well as problems and answers are provided for both professionals and students. Readers will further their knowledge, build practical intuition, and learn the art and science of M&A by using this comprehensive self-study workbook in conjunction with the main text.

#### *Now What?* John Wiley & Sons

Praise for *THE PANIC OF 1907* "Before reading *The Panic of 1907*, the year 1907 seemed like a long time ago and a different world. The authors, however, bring this story alive in a fast-moving book, and the reader sees how events of that time are very relevant for today's financial world. In spite of all of our advances, including a stronger monetary system and modern tools for managing risk, Bruner and Carr help us understand that we are not immune to a future crisis." —Dwight B. Crane, Baker Foundation Professor, Harvard Business School "Bruner and Carr provide a thorough, masterly, and highly readable account of the 1907 crisis and its management by the great private banker J. P. Morgan. Congress heeded the lessons of 1907, launching the Federal Reserve System in 1913 to prevent banking panics and foster financial stability. We still have financial problems. But because of 1907 and Morgan, a century later we have a respected central bank as well as greater confidence in our money and our banks than our great-grandparents had in theirs." —Richard Sylla, Henry Kaufman Professor of the History of Financial Institutions and Markets, and Professor of Economics, Stern School of Business, New York University "A fascinating portrayal of the events and personalities of the crisis and panic of 1907. Lessons learned and parallels to the present have great

relevance. Crises and panics are as much a part of our future as our past." —John Strangfeld, Vice Chairman, Prudential Financial "Who would have thought that a hundred years after the Panic of 1907 so much remained to be written about it? Bruner and Carr break significant new ground because they are willing to do the heavy lifting of combing through massive archival material to identify and weave together important facts. Their book will be of interest not only to banking theorists and financial historians, but also to business school and economics students, for its rare ability to teach so clearly why and how a panic unfolds." —Charles Calomiris, Henry Kaufman Professor of Financial Institutions, Graduate School of Business, Columbia University

### **Causes and Consequences** John Wiley & Sons

*Mergers & Acquisitions For Dummies* (9781119543862) was previously published as *Mergers & Acquisitions For Dummies* (9780470385562). ### *Lessons Learned from the Market's Perfect Storm* Cram101

A timely update to the global best-selling book on investment banking and valuation In the constantly evolving world of finance, a solid technical foundation is an essential tool for success. Due to the fast-paced nature of this world, however, no one was able to take the time to properly codify its lifeblood—namely, valuation and dealmaking. Rosenbaum and Pearl originally responded to this need in 2009 by writing the first edition of the book that they wish had existed when they were trying to break into Wall Street. *Investment Banking: Valuation, LBOs, M&A, and IPOs, Third Edition* is a highly accessible and authoritative book written by investment bankers that explains how to perform the valuation work and financial analysis at the core of Wall Street—comparable companies, precedent transactions, DCF, LBO, M&A analysis . . . and now IPO analytics and valuation. Using a step-by-step, how-to approach for each methodology, the authors build a chronological knowledge base and define key terms, financial concepts, and processes throughout the book. The genesis for the original book stemmed from the authors' personal experiences as students interviewing for investment banking positions. As they both independently went through the rigorous process, they realized that their classroom experiences were a step removed from how valuation and financial analysis were performed in real-world situations. Consequently, they created this book to provide a leg up to those individuals seeking or beginning careers on Wall Street—from students at

undergraduate universities and graduate schools to "career changers" looking to break into finance. Now, over 10 years after the release of the first edition, the book is more relevant and topical than ever. It is used in over 200 universities globally and has become a go-to resource for investment banks, private equity, investment firms, and corporations undertaking M&A transactions, LBOs, IPOs, restructurings, and investment decisions. As the world of finance adjusts to the new normal of the post-Great Recession era, it merits revisiting the pillars of the second edition for today's environment. While the fundamentals haven't changed, the environment must adapt to changing market developments and conditions. As a result, Rosenbaum and Pearl have updated their widely adopted book accordingly, while adding two new chapters on IPOs.

### *Cross-Border Mergers and Acquisitions* Applied Mergers and Acquisitions

*Breaking Up Is Hard to Do* offers a unique perspective for leaders—those executives whose companies, reputations, and futures will thrive or fail because of a deal or a series of deals. This book for leaders helps decision-makers deal with the powerful undercurrents and interpersonal dynamics at play in every deal, and no one is more qualified to write it than Constance Dierickx and Linda Henman. Other books on mergers, acquisitions, and divestitures overwhelmingly have one characteristic in common: they're technical. Attorneys write books about the legal and contractual aspects of deals; project management experts write from the point of view of managing tasks and schedules; and investment bankers write about valuation and negotiation. *Breaking Up Is Hard to Do* presents an amalgamation of what Drs. Dierickx and Henman have observed—and in many cases, helped to create—in more than 65 cumulative years of consulting with Fortune 500 companies, privately-held firms, family-owned businesses, and military organizations. Their in-the-trenches experiences spurred them to arrive at this premise: To position their organizations for more success, leaders can't shy away from the high stakes, tough decisions about their futures. This book maps the key steps in the M & A journey. It takes the reader through how to make the decision to grow acquisitively, identify roadblocks and typical wrong turns, and ultimately shows how to unlock their decision-making potential while navigating an increasingly uncertain world. Through compelling stories and surprising research findings, readers will discover that there's much more to the decision-making that drives M & A deals than they ever imagined, and they will come away with tools to help them deepen their understanding of what it takes to succeed. A fascinating read, the text weaves lessons that surface from the stories with highly pragmatic advice about suggested mindset, checklists, processes, and diagnostic tools. Readers will understand that while M & A deals aren't simple, leaders don't have to overly complicate them either. Instead, they can simplify the process if they remember hope shouldn't serve as a strategy, and they can't abdicate or delegate their leadership responsibilities. The lessons from mergers and acquisitions are critical to those considering a deal, but applied elsewhere, they have equal value, even though noticing them takes more effort. This is the essence of leadership: doing the hard work of ensuring that the gulf between strategy and tactics does not lead to either over simplification or needless complexity.

### **LAST THOUGHTS**

On the whole, our company believe that Applied Mergers And Acquisitions is worth a read, in spite of

some minor defects. The special storytelling design, relatable characters, and story twists make it a worthwhile enhancement to your bookshelf. So, if you're seeking a captivating read, Applied Mergers And Acquisitions is absolutely worth thinking about.

### **REVIEW OF APPLIED MERGERS AND ACQUISITIONS**

- I enjoyed this book. While the first two or three chapters are not really needed in the novel, I found the character of Duddy Kravitz repulsive but strangely satisfying as a character. Cliched my ass. Okay, Max, Jerry Dingleman and Lennie are cliched, but you also get Virgil the epileptic, John Friar

the Americommunist filmmaker, Yvette the "Girl Friday" who holds Duddy's land for him, and of course, you have the anti-Semitic Scot Mr. Macpherson. Sure it may sound cliched, but this was written 40 years ago. Cliches have come from this line of writing. I may be a masochist but it's FUUUN to see Kravitz screw and be screwed. And Richler knows how to write a book. In my opinion, it may be nothing new, but at least it's nothing bad.....

- Very interesting read about the study of wolves. Farley is also a very amazing writer which makes the subject matter easier to read. If you are a Wildlife lover, this is a must read.
